## WORK EXPERIENCE

### **Senior Interactive Designer, Creative Acceleration; Los Angeles, CA — 2006-present**

Creative Acceleration is a boutique design firm specializing in motion graphics and interactive projects. While comprised mostly of a dedicated team of freelancers, I worked full-time as the lead Flash developer for rich media banner advertisements and online games, the lead CSS and JavaScript developer, and an assistant project manager.

### **Freelance, selected examples — 2004-present**

Telescope: UI conceptualization, XHTML / CSS / AJAX implementation for online application

NickyDigital.com: XHTML / CSS, ExpressionEngine content management system, PHP automation

### **Campus Representative, Volt for Apple Computer; Boston, MA — 2004-2006**

The Apple Campus Rep program involved weekly, direct marketing of Apple products at area colleges and universities. I coordinated promotional events and developed demonstrations of Apple's professional media applications for students and professors.

### **Digital Production Labs Manager, Emerson College; Boston, MA — 2004-2006**

As a student manager, I assisted other students with post-production projects and taught weekly workshops to Lab Assistants on the software available in Emerson College's premiere media lab.

### **Webmaster, ZJAM Youth Ministries; Lynchburg, VA — 2001-2003**

Over two-years, I oversaw initial development and maintenance of two online properties that averaged two million monthly page views less than six months after launch.

## EDUCATION

Emerson College, Boston, MA — BA, 2006

New Media major, Honors Program, 3.68 GPA, Magna Cum Laude

## EXTRACURRICULAR EXPERIENCE

### **Emersive — 2004-2006**

I co-founded Emerson College's only student organization for new media. The organization held weekly workshops on digital media techniques and completed three major projects, including a wiki for students in Boston, a better webmail interface for campus e-mail, and a calendar sold to benefit the Electronic Frontier Foundation.

### **The EVVY Awards — 2003-2006**

Serving in coordinator and producer positions throughout three shows, I led Emerson College's version of *The Academy Awards* in utilizing online resources by creating an online submissions system and an interactive webcast watched by thousands of alumni and parents.

## SKILLS

**Technologies:** Actionscript, Apache, CSS, X/HTML, JavaScript (AJAX), PHP, MySQL, Ruby on Rails

**Applications:** Adobe Dreamweaver, Flash, InDesign, Photoshop, Apple DVD Studio Pro, Final Cut Pro, Motion, Soundtrack
